

## **NEW!** **Social Stars Camp**

The Social Stars Camp is designed to take social learning to the next level. The program is based on Michelle Garcia Winner's "Social Detective" curriculum and led by a Speech Language Pathologist. Students will practice identifying what others are planning to do, how they are feeling or what they are thinking based on the "clues" that they provide with their words, body language and facial expressions. This camp will aid in supporting students' growth in social awareness and peer to peer engagement. Each week will have a different theme to keep students motivated and engaged! Students will create a toolkit filled with the "tools" we need to be effective social investigators and use these tools in a variety of fun-filled activities such as scavenger hunts, crafts, reading books and acting out different routines!
