THE PRESCHOOL SUMMER PROGRAM

Our three one week preschool summer sessions are structured as a language-based camp for 3–5 year olds with receptive and/or expressive speech and language delays. The sessions are designed and led by experienced, certified Speech Language Pathologists to specifically target students' communication, play and social skills. To ensure that each child receives individualized instruction, we maintain a low teacher-student ratio with a maximum of four students for each Speech Language Pathologist.

The structure of our Preschool Summer Learning Camp is intended to lay the foundation for academic success. Singing songs, playing games, and introducing children to a school routine also prepares students for the coming school year.

WHY PRESCHOOL CAMP?

- ✓ Engaging learning environment
- ✓ Daily focus on improving receptive & expressive language skills, play skills, & social communication
- ✓ Frequent opportunities for guided communication
- ✓ Small class size: four-to-one ratio with Speech Language Pathologists
